8 WEEK BIKINI ABS: NUTRITION PLAN

WEEK 2

Welcome back! It's week 2, you did it! One whole week is now complete. Which means that you've set a foundation for the next 7 weeks! How do you feel? Wherever you are you should be proud of your progress. Let's set intentions to start fresh every day and do our very best to be healthy and treat our bodies with love!

SYMBOLS

X's 2 means you are making enough for 2 meals.

Looking at a week full of completely new recipes will seem overwhelming which is why I'm keeping it simple. Worst case scenario, you get overwhelmed and uncertain after day 1 or before starting and quit. It's ok, we're human. Jump back on the horse, ask for help and know that you're going to keep pushing forward and trying every day until you get it. When a baby is first learning to walk and falls down we don't throw in the towel and say it's never going to happen for them. We keep working with them until they get it, which is what we're going to do here. We're all going to practice and work at it "until we can walk".

TRACKING YOUR PROGRESS

Don't forget to track your progress! Tracking progress can be really fun. Looking back at the progress you've made is a great feeling. It reminds us that every day we are making shifts and changes and although it may feel uncomfortable to see where we are now, it will all be worth it in the long run. I encourage you to take photos (both front and back) in a bikini, sports bra and shorts or tank top and shorts so that we can measure your progress. We will take check in photos in 1 month and at the end of 8 weeks. It's going to be fun to see our bodies change and progress!

I love seeing your progress so please tag me in your social media pages with #stephendel @stephendel. You can also email your progress photos to me at thefitandfearless@gmail.com.

RECIPES FOR WEEK TWO SUNDAY PREP

HOW TO HARD BOIL EGGS

1. Place the eggs in a single layer at the bottom of a saucepan. Cover with at least an inch or two of cold water. The more eggs that are crowding the pan the more water you should have over the eggs. Heat the pot on high heat and bring the water to a full rolling boil.
2. Turn off heat, keep the pan on the hot burner, cover, and let sit for 10-12 minutes. *If you have the type of stove burner that doesn't retain any heat when turned off, you might want to lower the temp to low, simmer for a minute, and then turn it off.*
3. Depending on how cooked you like your hard boiled eggs, the eggs should be done perfectly in 10-12 minutes. If you like your eggs not fully hard cooked, it can take a few minutes less. When you find a time that works for you, given your preferences, the types of eggs you buy, your pots, stove, and cooking environment, stick with it.
4. If I'm cooking a large batch of eggs, after 10 minutes I'll sacrifice one to check for doneness, by removing it with a spoon, running it under cold water, and cutting it open. If it's not done enough for my taste, I'll cook the other eggs for a minute or two longer.
5. Strain water from the pan and run cold water over the eggs to cool them quickly and stop them from cooking further. Or, if you are cooking a large batch of eggs, remove them with a slotted spoon to a large bowl of ice water.

HOW TO COOK BROWN RICE

1. Cook rice in a large saucepan. A larger cooking surface allows for heat to be evenly dispersed, leading to a more consistent texture in the finished rice.
2. Put brown rice and water together in a pot with a lid. Use the ratio of 1.5 cups water to 1 cup rice.
3. Set the heat to maximum, and bring the rice/water to a boil, uncovered.
4. Turn off the heat, and let the rice sit in the covered pot for another 10 minutes.
5. Eat and enjoy.

Tip: Once the rice is done cooking, let it stand for at least 5 minutes *with the lid on*. This “resting period” allows the grains of rice to cool and become firm, so that the rice doesn't break when scooped from the pot. Once rested, fluff rice with fork.

RED BEET HUMMUS

SERVES 10

Ingredients

- 1 Large (8oz) Beet, Peeled, Cut Into 3/4-inch Cubes (if you're in a rush use pre-cooked beets)
- 1 Cup Garbanzo Beans (Use Organic, Low Sodium)
- 3/4 Cup Extra Virgin Olive Oil
- 1/4 Cup Slivered Almonds
- 1- 1.5 Garlic Cloves, Peeled
- 1 1/2 Tbsp Raw Apple Cider Vinegar

Instructions

1. Cube beet and place in medium sauce pan. Fill pan with water to cover beet pieces. Bring water to a boil and cook pieces until tender (about 12 minutes). Skip this step if using pre-cooked beets.
2. Drain beets and place in processor/blender. Add garbanzo beans, oil, almonds, vinegar and garlic. Blend until smooth.
3. Add additional vinegar to taste if desired. Transfer to decorative bowl, cover and chill. Bring to room temperature before serving.
